By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

You have never solicited a report from this vicinity, but I am sure you did not estimate the loss to your readers such an oversight has been. With this introduction, I will proceed to tell you the latest news.

William Goebel, a pet pig, and name sake of the Governor, the property of John Traylor, Jr., is prospering at the rate of two pounds daily gain in avoirdupois. May the gallant Goebel's majority increase in numbers with corresponding rapidity, is the hope and belief of this family of true-blue demo-

I notice that Mr. John Pepples is a candidate for jailer of Lincoln county. The people would act wisely in making him their choice for he would prove worthy of their trust, being known in the neighborhood where he was born and has always lived as an upright, honorable citizen. Both he and his estimable wife will prove the right ones in the right place, as they possess the respect and confidence of ver quarter and a couple of dimes and all who know them.

Mr Fred Stone has moved to Lancaster to his new residence lately erected there. John Gaines has rented from taken possession. "Simplest thing you ever heard of," he answered. "Each of those men up there has a powerful magnet fitted into the soles of his shoes. The magnets cling like death to the iron crossbeams. They cling so tightly that a man couldn't fall off if he wanted to. Sometimes the magnets pull so hard that little men who haven't much leg muscle find it difficult to lift their feet to walk along.

"The other morning I was strolling by in the street below the building when a pocketknife suddenly clattered on the pavement in front of me. A sil-

a key quickly followed it. "Then I heard laughter up above and hastily looked up. One of the workmen had slipped from a long crossbeam and was hanging up there at the Mr. Stone his place near here and has sixteenth story, feet up and head downward, supported by the magnets in his soles.
